## STANDARD OPERATING PROCEDURES

## LETTER OF PROMULGATION

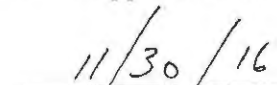

TO: ALL PERSONNEL, COMPSTAT SUPPORT UNIT

The enclosed Standard Operating Procedures are established to provide guidelines for the effective management and efficient operation of the CompStat Support Unit of the Miami Police Department.

The practices incorporated in this Standard Operating Procedure are designed to supplement already existing Departmental Orders and Directives.

Personnel assigned to the CompStat Support Unit are responsible for the contents of these Standard Operating Procedures and shall perform their duties in accordance with the guidelines specified herein.

## COMPSTAT SUPPORT UNIT

### STANDARD OPERATING PROCEDURES

#### MISSION, GOALS, AND OBJECTIVES

#### I. MISSION

The mission of the CompStat Support Unit is to provide a comprehensive crime analysis information service to the Miami Police Department which by design, validity, and value, will furnish analysis products instrumental in the accomplishment of crime control and suppression.

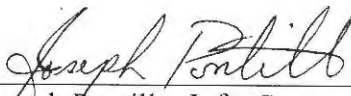

#### II. GOAL

Consistent with the above stated mission; the goals of the Detail are to maintain and perform an effective crime analysis function for the purpose of supplying essential data to operational components which is sufficiently informative to facilitate the formulation of tactical crime control strategies which effectively impact on crime. The service performed shall identify the following factors:

Frequency by type of crime.

Geographic factors.

Chronological factors.

MISSION, GOALS, AND OBJECTIVES  
(Continuation)

III. OBJECTIVES

- A. To process all requests for specific crime information in an expeditious manner dependent upon the complexity of the request availability and data base resources.
- B. To develop an internal crime analysis data base to support on-going analytical components in order to further enhance the sharing of pertinent crime analysis data in support of ongoing crime control and suppression.
- C. To provide monthly statistical and investigative responses for private request to the general public within 3 weeks.

## COMPSTAT SUPPORT UNIT

### STANDARD OPERATING PROCEDURES

#### DUTY HOURS AND DRESS

##### DUTY HOURS

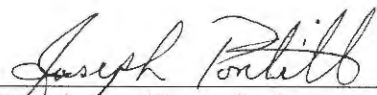

The CompStat Support Unit office, providing sufficient personnel are assigned, will be staffed Monday through Friday from 0800 to 1700 hours daily.

Assignments specified above will be subject to modification at the discretion of the detail supervisor and/or unit commander in accordance with the needs of the unit.

##### DRESS

Sworn personnel may wear the police uniform or civilian clothing at the discretion of the unit commander. In order to maintain an identity with uniform personnel the police uniform shall be worn when presentation and training are given to line units.

Civilian personnel shall be presentably attired.

### STANDARD OPERATING PROCEDURES

**S.O.P.** 1

**SUBJECT:** PROVIDE SELF-SERVICE RESOURCES

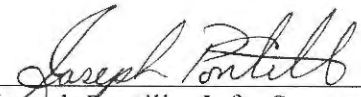

**PURPOSE:** To provide Department Personnel with the ability to self-generate information reports, graphs, and maps on an as-needed basis.

**SCOPE:** Available data essential to the meeting the Departments Mission should be readily available to all Departmental Personnel at all times.

The CompStat Support Unit will continuously update all online information systems in order to give Miami Police Department Personnel with direct access to timely and accurate information.

These systems include:

- A. Sharepoint
- B. Crystal Reports
- C. Crimeview Web Mapping Application

## COMPSTAT SUPPORT UNIT

### STANDARD OPERATING PROCEDURES

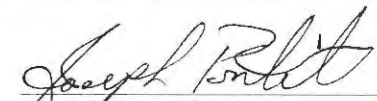

**S.O.P.**            2

**SUBJECT:**        INFORMATION DISSEMINATION

**PURPOSE:**        To establish a control system and distribution network which regulates dissemination of the information produced by the CompStat Support Unit.

**SCOPE:**            The CompStat Support Unit and the information it generates exists and is produced for the purpose of supporting the law enforcement objectives of the Miami Police Department and other bona fide law enforcement agencies. Procedures governing service priorities, distribution channels, and control of information are as follows:

- I.                      Control of Information: Analysis work will be approved by a supervisor and prioritized in order of the recipients listed below.
  1. Miami Police Department: Analysis tasks will be conducted for MPD first. Qualifying analysis requests and analysis services will be produced for consumption by sworn personnel and civilian employees who are employed by the department and have a need to receive information.
  2. Other Law Enforcement Agencies: Information will be provided to Local, State, and Federal law enforcement agencies, priorities permitting, upon request. Verification that the requesting person is in fact a member of a law enforcement agency will be established prior to the release of information. If necessary, the requestor may be required to present law enforcement credentials.
